DETAILED ACTION

1. The claims 1-17 and 19-21 are pending in the instant office action.

Restriction

2. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions, which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 1-9 and 19, drawn to process for producing levodione by NADPH dehydrogenase enzyme.

Group II, claims 10-17 and 20-21, drawn to process for producing levodione by transformed microorganism expressing NADPH dehydrogenase enzyme.

3. The inventions listed as Groups I-II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

Although Groups I and II involve the production of same product, they do not share a special technical feature because Vaz et al. (Biochem., 1995, 34, pp 4246-4256) teach the reduction of ketoisophorone with the Brewer yeast old yellow enzyme.

Thus according to PCT Rule 13.2 this shared feature is not a special technical feature, as it does not define a contribution over the prior art.

4. In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement is traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
